**Subject:** Re: Proposed Agenda for CA AE Workshops

Sounds good Rob. Our thought was March/April timeframe. I'm on leave until after the New Year, but I know Michele will be in next week Dec. 29-31 if you want to contact her about specific dates or venue options. She is at 415-972-3417.

Also, would you be able to email me a brief status/overview of Class II wells operated by Anterra in Ventura Co.? Thanks! David

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

David:

This all looks great. This is the first I have seen this and it appears comprehensive. These workshops will be most appreciated by all. How about we start looking at some dates and venues. I will need to work with the Water Board to ensure they are available as well.

Thanks,

Rob

**Subject:** Proposed Agenda for CA AE Workshops

Hi Rob,

I don't recall that I sent you this draft/proposed outline of a potential aquifer exemption workshop (actually 2) for CA. We are actively engaged with our HQs folks on logistics/planning, but obviously this needs to align with state needs/efforts. If you have any particular thoughts or comments to add at this point, please let me know. Thanks, David

□

- Two workshops (about 1.5 days each) – same workshop; either at state facility or at hotel; research webcast capability

- Bakersfield, CA in early March 2015

- Sacramento or Los Angeles in April 2015

- Attendees

- California state employees

- Class II industry

- Owners/operators

- Consultants

EPA

- Draft Agenda / Topics to be covered (Day 1):

- Introduction / Background on AE

- Present EPA/OGWDW Memo (walk through memo and checklist)

- State discussion

- Scoping meeting with the operator(s) on the proposed exemption request

- Elements of the proposed AE request

- How the state will review the package, including the interface between DOGGR and the Water Board on the current use/future use analysis

- Public review process
- Submittal to EPA
- Question & Answer
- Day 2 (1/2 day):
  - Detailed presentation on current use analysis
  - Other more detailed presentations on checklist items
- Possible Handouts
  - Sample AE requests Region 8 receives
  - RODs EPA has done

State handouts?
